FRIDAY

Barbershopper of the Year

BOTY

The Sunshine District Barbershopper Of The Year (BOTY) award is our most coveted annual award because it's related to all those ingredients that go to make up the complete Barbershopper during a calendar year. The candidates are not necessarily the same as Chapter Barbershopper Of The Year winners. This fact should be kept in mind whenever chapters prepare to submit the names of one or more candidates. The award is made annually at our Spring Convention and is overseen by a District committee comprised of the last three award recipients.

Nominees for 2011 BOTY
will be presented at the Spring Convention

FRIDAY

Barbershop, Gospel, Vocal Jazz, Classical, Swing or Doo Wop...

The close a cappella harmony of **Rare Blend** fits any occasion.

Whether singing for thousands at a festival, hundreds at a convention, dozens in church or just a handful at an intimate private party,

Rare Blend
is striking
heart-chords
throughout
Florida and
beyond.

Rare Blend has twice represented Florida in the Southeastern regional of the prestigious **A Cappella Sweepstakes** held at the famous **Birchmere Theater in Alexandria, Va.** and they most recently appeared on the **Mixed Harmony Showcase in Kansas City**, sharing the stage with **Crossroads, Rural Route 4** and the incomparable **Suntones**. The close harmony of **Rare Blend** complements any show and is perfect for celebration and tribute performances.

For more information or to book the quartet,
visit <http://rareblendquartet.com> or email shannon@rareblendquartet.com

A Giving Reminder from the Harmony Foundation

4 Reasons to Give to the Harmony Foundation:

- 1. Incremental and Planned Giving Yield a Larger Total than random "drive-by" giving such as passing the bucket.*
- 2. Tax Deductibility - all gifts to your Chapter, District or Harmony Foundation are tax deductible as provided by law.*
- 3. BHS Giving - Statistics Are Produced, so that the Society can prove its own member support to potential outside donors.*
- 4. Stewardship - It is your Commitment and Support that will enable the BHS to spread the joy of barbershop harmony both today and after we've gone.*

Your Harmony Foundation gifts can be made through the Ambassadors of Song, President's Council or Founders Club programs.

~Dick Shaw, District VP, Harmony Foundation

Picking a Winner

An armchair guide to judging barbershop contests

This is not the definitive guide... just enough to take in your first contest knowledgeably.

Singing

The Singing judge evaluates the degree to which the performer achieves artistic singing in the barbershop style. This is accomplished through precise, in-tune harmonizing, a high degree of vocal skill and a high level of unity and consistency within the ensemble. Mastering these elements also creates a feeling of fullness, "ring", or expansion of sound throughout the performance.

Presentation

The Presentation judge evaluates how effectively a performer brings the song to life — that is, the believability of the theme in its musical and visual setting. He responds to both the vocal and visual aspects of the presentation and evaluates everything about the performance that contributes to emotional impact upon the audience.

Music

The Music judge evaluates the song and the arrangement, as performed. He adjudicates the musical elements in the performance — melody, harmony, range, tempo, rhythm and meter, construction and form, and embellishments — and the degree to which the musical elements of the song and arrangement display the hallmarks of the barbershop style.

First Contests

The first contest of the Barbershop Harmony Society, held in Tulsa, Okla., in June of 1939, was an extremely casual affair. There were no score cards, no trained judges — in fact, no one's sure how many quartets actually competed. We do know that the Bartlesville Barflies of Bartlesville, Okla., beat the Capitol City Four of Springfield, Ill., after a "sing-off," and took home \$50 and the coveted title of "World Champion Quartet."

The second contest, held at the New York World's Fair in 1940, was judged by a panel of dignitaries that included Governor Al Smith, whom one competitor overheard whispering to a fellow judge,

"They all sound good to me — who should I vote for?"

Today's Judging System

The Barbershop Harmony Society's judging system has since become far more precise. Judges today undergo a rigorous three-year training process leading to certification in one of three scoring categories: Singing, Presentation and Music.

ASCAP/BMI Regulations:

Copyright law strictly limits the use of audio or video recording devices during any performance. No audio or video recording device, whether or not in use, is permitted in the place of performance without prior permission of the Society. Any persons found in possession of any such device will be required to leave immediately and the recording media will be confiscated and any unauthorized recording erased or destroyed.

Our enforcement of the copyright law protects you and us, but most importantly it protects the copyright owners who have made our performance possible. Your cooperation and support are appreciated.

Photography:

Society regulations strictly prohibit the use of flash photography during any contest event. The Sunshine District requests that no flash photography be used during any performance this weekend. Please respect the competitors and performers by adhering to this rule.

Chorus Plateau Definitions

Plateaus in Sunshine District are based on the average of the scores of the last two competitions the chorus competed in. It doesn't matter how far apart the two competitions may have been.

- If the average score is 599 and below = plateau A
- If the average score is 600 – 699 = plateau AA
- If the average score is 700 – 819 = plateau AAA
- If the average score is 820 and higher = plateau AAAA

Plateau classifications can be somewhat fluid, especially where a chapter chorus is close to the dividing line between plateaus. Sometimes you will see a chorus one year as a plateau AA and the next year plateau AAA and at a later contest back to AA again. These breakpoints are not locked in stone and may be adjusted if we get too many choruses in a plateau.

Good luck to all competitors!

Chad Chris Paul Jeremy
