www.harmonyfoundation.org

Harmony Foundation serves as the official charity of the Barbershop Harmony Society, Inc. It's mission..

Your donations to Harmony Foundation have provided funding for grants to help projects that promote singing. Your gifts also help fund Harmony Explosion Camps across North America, where over 3,000 young men and their vocal music teachers have already been introduced to barbershop harmony. It is this progress that forged our Foundation's motto: SING ... for life.

You can help in two ways!

- *Gifts to the Annual Fund enhance the ongoing support of Society programs and projects.*
- *Gifts to the Endowment Program are never spent, but provide a pool of investment earnings that support Society programs and help ensure the future of our beloved Society.*

PICKING A WINNER

An armchair guide to judging barbershop contests

A quick overview of how barbershop contests are judged. NOT the definitive guide... just enough to take in your first contest knowledgeably.

First Contests

The first contest of the Barbershop Harmony Society, held in Tulsa, Okla., in June of 1939, was an extremely casual affair. There were no score cards, no trained judges — in fact, no one's sure how many quartets actually competed. We do know that the Bartlesville Barflies of Bartlesville, Okla., beat the Capitol City Four of Springfield, Ill., after a "sing-off," and took home \$50 and the coveted title of "World Champion Quartet."

The second contest, held at the New York World's Fair in 1940, was judged by a panel of dignitaries that included Governor Al Smith, whom one competitor overheard whispering to a fellow judge,

"They all sound good to me — who should I vote for?"

Today's Judging System

The Barbershop Harmony Society's judging system has since become far more precise. Judges today undergo a rigorous, three-year training process leading to certification in one of three scoring categories: Singing, Presentation and Music.

Singing

The Singing judge evaluates the degree to which the performer achieves artistic singing in the barbershop style. This is accomplished through precise, in-tune harmonizing, a high degree of vocal skill and a high level of unity and consistency within the ensemble. Mastering these elements also creates a feeling of fullness, "ring" or expansion of sound throughout the performance.

Presentation

The Presentation judge evaluates how effectively a performer brings the song to life — that is, the believability of the theme in its musical and visual setting. He responds to both the vocal and visual aspects of the presentation and evaluates everything about the performance that contributes to emotional impact upon the audience.

Music

The Music judge evaluates the song and the arrangement, as performed. He adjudicates the musical elements in the performance — melody, harmony, range, tempo, rhythm and meter, construction and form, and embellishments — and the degree to which the musical elements of the song and arrangement display the hallmarks of the barbershop style.

Photography:

Society regulations strictly prohibit the use of flash photography during any contest event. The Sunshine District requests that no flash photography be used during any performance this weekend. Please respect the competitors and performers by adhering to this rule.

ASCAP/BMI Regulations:

Copyright law strictly limits the use of audio or video recording devices during any performance. No audio or video recording device, whether or not in use, is permitted in the place of performance without prior permission of the Society. Any persons found in possession of any such device will be required to leave immediately and the recording media will be confiscated and any unauthorized recording erased or destroyed.

Our enforcement of the copyright law protects you and us, but most importantly it protects the copyright owners who have made our performance possible. Your cooperation and support are appreciated.
